

# WATCHPAX 60

Plug-and-play, dedicated  
media server series

## WATCHOUT MEDIA SERVER

**NEW!** Unleash the creative potential of WATCHOUT and deliver shows flawlessly with these high-performance units for the most demanding presentation environments.

### Power to perform

The WATCHPAX 60 series is the latest addition to Dataton's family of plug-and-play media servers. The new series has three performance-optimized models, all of which offer a compact form factor, WATCHOUT license and reliable operation, backed by a two-year warranty.

What sets this series apart is sheer power: in processing, in performance, and in playback. With four output channels and SDI options, redundant power supply, and the latest technology under the hood, this future-proofed unit will deliver your WATCHOUT experience perfectly.

## In brief

WATCHPAX 60 is a dedicated, rack-friendly media server series for Dataton WATCHOUT shows. The units feature a high-performance technical specification – designed to play your WATCHOUT shows at their very best. The WATCHPAX 60 series consists of three models designated: **A**, **B**, and **C**.
